

# Project Title: People Centric Community Hospital

**Hosted By: Philips Museum and Philips Experience Design**

## ***Project Introduction:***

Using an integrated multidisciplinary approach, the Design Team were able to focus on the patient and staff experience throughout the design process and develop not only a hospital, but a vibrant healthcare system that supports the community.

## ***About Organisation:***

Philips Experience Design was founded in 1925. Over 500 designers in 15 studios around the world create products, services and solutions that are meaningful to the people who purchase or use them. Every year Philips Design wins over 130 international design prizes. The designers offer a look behind the scenes and insight in the challenges and cooperations.

The Philips Museum gives a fascinating picture of Philips developing from a small light bulb manufacturer into an innovative global company.
