

Project Title: Papercut

Hosted By: Sectie C

Project Introduction:

A group show featuring members of the Sectie C community

Virtual exhibition at : surplus-surplus.com

About Organisation:

Surplus Collective was founded by Pierre Castignola, Diego Faivre and Willem Van Hooff and joined later on by Ronald Smits and Fraser McPhee reacting on the current attitude as a society towards image as aesthetic. Aiming to demonstrate that the medium of the image can be reclaimed as a means to represent design. And that image as aesthetic has fundamentally undermined the value of physically manifested aesthetics like design and that this weakens the value of artistic endeavour as a whole.
