

Project Title: Geo Design - SAND

Hosted By: Van Abbemuseum

Project Introduction:

The Van Abbemuseum and Design Academy Eindhoven will be working together once again for this year's Dutch Design Week on a display entitled Geo-Design.

About Organisation:

The Van Abbemuseum in Eindhoven is one of the first public museums for contemporary art to be established in Europe. The museum has an experimental approach towards art's role in society. Openness, hospitality and knowledge exchange are important to us. We challenge ourselves and our visitors to think about art and its place in the world, covering a range of subjects, including the role of the collection as a cultural 'memory' and the museum as a public site.
