

Project Title: Mooi Stuk!

Hosted By: Repair Cafe

Project Introduction:

A leaking coffeemaker or a broken screen; it's these kind of defects that we have to deal with regularly. Annoyance or challenge? A farewell or a possibility? In this exhibition in honor of the 10-year anniversary of Repair Café the repair stories of five objects are highlighted

About Organisation:

Repair Cafés are gatherings that are free to access and that revolve around repairing. At the location where the Repair Café is held, tools and materials are available to carry out all possible repairs on clothing, furniture, electrical appliances, bicycles, toys, etc. Expert volunteers are also present with repair knowledge and skills in all kinds of areas. Visitors can bring in broken items from home. They work together with the experts at the Repair Café to repair their broken object.
