

Project Title: ALL GOOD(S)

Hosted By: Embassy of the Kingdom of the Netherlands, Berlin

Project Introduction:

In the wake of the climate emergency, we need to reduce the impact of everyday urban life on resources, from the scale of the individual to an international approach. Both in the Netherlands and Germany, there's an increasing political and societal attention for the transition to a circular economy.

About Organisation:

ALL GOOD(S) is initiated by the Department of Culture and the Department for Infrastructure & Water Management. The Department of Culture supports the network, presence and visibility of Dutch culture and culturemakers in Germany. The Department for Infrastructure & Water Management advocates the Dutch Circular Economy ambitions in Germany and tries to connect Dutch and German businesses in various fields of circular entrepreneurship.
