## ***About Organisation:***

Creative collaborations with purpose ??

We focus on community, and use design methodologies to explore the value of creativity in making positive changes across the world.

Every year, we focus on a theme to expand our understanding of design in that area, and share it with our community. These are central to our work and our values.

2020: 'Design is for Everyone'

2021: 'Together'

We're an all year community platform, and host the 'Afrika Design' podcast, available on all platforms.
