

Project Title: Piet Hein Eek

Hosted By: Piet Hein Eek

Project Introduction:

New collection presentation and Designer Exhibitions in and around our Strijp-R based premises. The new hotel, lobby, restaurant, wonderroom gallery and roof top bar will be presented for the first time.

About Organisation:

In 2010 Piet Hein Eek moved his business from Geldrop to Eindhoven, to a former Philips factory. The activities, that already covered the whole process from concept to consumer, were further expanded. This has created a world in which art, culture, handicrafts, gastronomy, hospitality and much more merge together. The road that was intuitively taken twenty five years ago and in which a generalist approach was the guiding principle, has become a crossroads where a world comes together.
