

Project Title: Le petit déjeuner: croissants on ceramics

Hosted By: Studio Joachim-Morineau

Project Introduction:

“Le petit-déjeuner : Croissants on ceramics”, is the best way to start your day at the DDW: meeting new people around a homemade breakfast served in unique ceramics.

About Organisation:

Studio Joachim-Morineau is a design studio founded by Carla Joachim (FR) and Jordan Morineau (FR), based in Eindhoven (NL). Their work is a mix of crafts, industrial techniques and technology. They use experimentation to push the limits of each field. Their common graduation project, the ceramic dripping machine “Moca” was the starting point of the company.
