

# Project Title: Between No-Longer and Not-Yet

Hosted By: Kazerne – Home of Design

## *Project Introduction:*

We know we need a radical change, but how? Between No-Longer and Not-yet, is a place, moment, or movement in which imagining can take place. Via design Kazerne calls to make sense of the potential of this in-between phase and to dream, to let us wonder and get inspired by hopeful new perspectives.

## *About Organisation:*

Kazerne Foundation creates a curious platform for the creative industries in a welcoming hospitality environment. Here, enthusiastic makers find their stepping stone (via exhibitions, connecting and in-depth activities) to new opportunities and networks, while they, together with stakeholders and a diverse audience are inspired by hopeful design. Here, they meet each other all year long to eat, drink and stay surrounded by recent work of leading designers.
