

# Project Title: Physical Love

**Hosted By: Maciej G?owacki**

## ***Project Introduction:***

Accessories for Closeness and Tenderness are made for sexual education in pairs. They're a counterproposal to today's sex toys, provoking intimacy instead of focusing on orgasm and efficiency. Sexuality not as solitary activity, but experienced in relation to another human being.

## ***About Organisation:***

A graduate of the Design Faculty at the Academy of Fine Arts in Warsaw, I previously studied at the Faculties of Physics and Chemistry of the University of Warsaw. Since 2014, I have been gaining professional experience working for the Polish deep-tech company Sygnis SA.

For me design is a vocation. I believe that as designers, we should direct our gaze to regions that do not promise profit or market value. We are to search for genuine needs and answer the yearning present in people.
