

Project Title: KILO

Hosted By: Jan Paul Koning & Peter Smit

Project Introduction:

KILO aims to reduce shipping by bringing the production process to the consumer; locally worldwide. All KILO pieces are produced in our concept stores and during the DDW we will produce a DDW special item in our temporary studio in section-C (Hall 4 H3). Be sure to come see us at work!

About Organisation:

Founded in 2013 by childhood friends Jan Paul Koning and Peter Smit, KILO was born out of a desire to create a new generation of heirlooms. An alternative to today's throwaway, mass produced furniture, as well as to the overly designed and over priced design brands. Committed to sustainability, KILO aims to produce locally and provide high quality pieces that will outlast their makers and owners..

Individual Participants

Name: Jan Paul Koning

Project Name: KILO
